

Kenneth Barton
Chief Executive Officer,
SafetySpect

25+ years in technology business development

DEVELOPING THE NEXT GENERATION OF OPTICAL SENSING, IMAGING AND ML SOLUTIONS

Turning invisible risks into actionable insights

SafetySpect's Evolution

- SafetySpect's Acquisition of the HyperView device positions us as a leader in medical hyperspectral imaging
 - HyperView is an FDA cleared hyperspectral system designed to create insight from oxyhemoglobin, deoxyhemoglobin, and tissue oxygen saturation, offering unparalleled wound care and tissue health monitoring
